

SHAIK BASHE

Information Technology Student

📍 Andhra Pradesh, India ✉️ shaikbashe2222@gmail.com 📞 +91 8333094992

[LinkedIn](#) | [GitHub](#) | [Kaggle](#) | [HackerRank](#) | [LeetCode](#) | [Devpost](#) | [Chess](#)

Professional Summary

Information Technology student with hands-on experience in AI product engineering, backend development, machine learning, and intelligent systems. Currently contributing to AI product development at AlignX AI and building projects across educational technology, intelligent automation, AI-powered platforms, and IoT domains.

Education

Lakireddy Bali Reddy College of Engineering (LBRCE)	2024 – 2028
B.Tech – Information Technology CGPA: 8.02/10	
KBN College – Intermediate (MPC) 93.3%	2022 – 2024
LPCT Gujarati Vidhyalaya – SSC GPA: 9.1	2022

Experience

Product Engineering Intern | [AlignX AI](#) (Remote) Apr 2026 – Present

📄 [LinkedIn Experience Proof \(Offer Letter Attached\)](#)

- Conducted market research and competitor analysis in the AI domain; built customer personas and identified user pain points.
- Contributed to AI product development, product testing, and data analysis to support feature improvements and user experience enhancements.
- Collaborated with cross-functional teams to support product planning and feature enhancement initiatives.

Technical Skills

Languages	Python, Java, C, TypeScript
Backend	FastAPI, Flask, REST APIs, API Development, Backend Services
AI / ML	Applied Machine Learning, AI Agents, Data Analysis
Databases	SQL
Tools	Git, GitHub, GitHub Actions, Linux, IoT Fundamentals, Whimsical

Projects

Agentic Honeypot for Scam Detection 🔗 [Live](#) *Python, FastAPI, REST APIs*
• Developed an intelligent REST-based honeypot that simulates vulnerable APIs, captures attacker behavior, and generates threat intelligence for security analysis.

LearnLoom – AI-Powered Learning Ecosystem 🔗 [Live](#) *AI, Full-Stack Development*
• Built an AI-powered learning ecosystem featuring personalized roadmaps, AI mentor support, coding practice, assessments, progress tracking, and certificate generation for students.

Student AI Hub 🔗 *TypeScript, AI Integration*
• Developed and maintained an AI-powered student platform; resolved API integration issues, improved authentication workflows, enhanced security validations, and optimized platform stability.

Voice-Controlled Blind Navigation Spectacles 🔗 *Arduino, Embedded C, IoT*
• Built an assistive wearable for visually impaired users with obstacle detection, navigation assistance, and voice-based sensor interaction.

Other: [AI-WiFence](#) (WiFi Intrusion Detection, ML) · [CropAdvisoryAI](#) (ML-based Crop Recommendation System) · [AI Face Security](#) (OpenCV) · [Saliva Sense](#) – pediatric health monitor, Bio-E-Tech Hackathon

Certifications

- NPTEL:** Industry 4.0 & Industrial Internet of Things (Elite)
- Google / Kaggle:** AI Agents Intensive Program 🔗 [Verify Badge](#)
- Deloitte Australia:** Cyber Job Simulation (Forage) 🔗 [Verify Certificate](#)
- HCL GUVI:** India AI Impact Buildathon 2026 🔗 [Verify Certificate](#)
- Cisco Networking Academy:** Operating Systems Basics · **HackerRank:** Java Basic · **Sololearn:** Java Basic

Hackathons & Events

- MumbaiHacks 2025** – Round 2 Qualifier · **India AI Impact Buildathon 2026** – Participant · **Bio-E-Tech Hackathon** – Built *Saliva Sense*
- IDEATHON 2K25** (Hack2Skill) · **Hack The Thread Hackathon** (180 Degrees Consulting NITK) · **ROBO X VR Hackathon** – Participant

Achievements

Registered FIDE chess player with an internationally tracked competitive rating profile (FIDE ID: 537083740) · [Profile](#)
